In re. Appln. of ANDREW et al.
Application No. 09/452,421

provide the parameter to the graphical interface; and carrying out the instructions in the markup language to implement the graphical interface in accordance with the parameter.

REMARKS

In response to the office action, claims 1, 33, 34, 35 and 36 have been amended.

The following remarks are grouped to reflect the organization of the Office action.

Claim Rejections – Claims 1 through 37

Claims 1-37 stand rejected under 35 U.S.C. § 103(a) as being unpatentable over Madison Jr, et al. (U.S. Patent No. 5,887,139) and further in view of Lipkin (U.S. Patent No. 5,999,944). Applicants acknowledge with appreciation the examiner's time and the courtesy extended during the telephonic interview of February 25, 2003 with Applicants' representative, Grace Law. As proposed during the interview, independent claims 1 and 33-36 have been amended herein to clarify that the resource data-containing file is not compiled, as suggested by the examiner. During the interview, it was agreed that the applied references do not disclose the claimed feature.

Claims 2-19, 21-27, and 29-32 depend from independent claims 1, 20, and 28, respectively. They necessarily include all of the features of their associated independent claims. Thus, Section 103 rejection of claims 2-19, 21-27, and 29-32 has been overcome for the same reasons given above with respect to independent claims 1, 20, and 28.

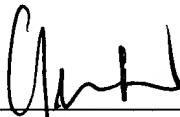

In re. Appln. of ANDREW et al.
Application No. 09/452,421

CONCLUSION

In view of the above amendments and remarks, the application is considered in good and proper form for allowance, and the examiner is respectfully requested to pass this application to issue.

If, in the opinion of the examiner, a telephone conference would expedite the prosecution of the subject application, the examiner is invited to call the undersigned attorney.

Respectfully submitted,

Grace Law, Reg. No. 48,872
